

Urology Breakthroughs

I couldn't ignore the problem anymore after...

“...My daughter saw me
**Wet My
Pants**”

“I mean, come on — I'm only 54 and in good shape for my age. But then the urge to pee started. At first it was just during the day...

... and then I was waking up 3 to 5 times a night to “go”. And I was grumpy and tired in the morning. But I was still in denial. Until...

... we went on a family road trip — and the unimaginable happened...(Read Matt's story, inside on page 4)
